ANTIMICROBIAL

Our full range of HPL is Antibacterial, tested under the JIS Z 2801 method. Silver ions nanotechnology offers antimicrobial and anti-fungal protection, reducing up to 99.9% of microbes on the surface. Lamitech surfaces are also proven against germs and some viruses.

Nuestra gama completa de HPL es antibacteriana, probada bajo el método JIS Z 2801. Usamos la nanotecnología, la cual brinda protección antimicrobial y fungicida, reduciendo hasta un 99.9% los microbios presentes en la superficie. Nuestras superficies también son efectivas contra gérmenes y algunos virus.

FIRE RATED

RESISTENTE AL FUEGO

Ideal whenever fire codes specify an HPL with combustion resistance and smoke inhibition. Tested under ASTM E 84 and EN 13501-1 standards.

Ideal cuando se requiere un laminado de alta presión resistente a la combustión, que inhiba la producción de humo. Evaluado bajo las normas ASTM E 84 y EN 13501-1.

HIGH WEAR

ALTA ABRASIÓN

Offers up to six times the abrasion resistance of a conventional laminate.

Ofrece hasta seis veces mayor resistencia a la abrasión que un laminado convencional.

Special Products - Productos Especiales

COMPACT

COMPACTO

Extremely durable, thick, structural non-porous high pressure laminate (no substrate required) for interior use. Laminado de alta presión grueso, macizo y estructural (no requiere sustrato) de alta durabilidad para uso interior.

EX² COMPACT

COMPACTO EX²

Extremely durable, exterior compact laminate for horizontal applications.

Laminado compacto de alta durabilidad para uso exterior horizontal.

PANELEX

Thermostable architectural panel for exterior vertical application, used as wall cladding in ventilated façades.

Panel arquitectónico termoestable para uso vertical exterior, utilizado como revestimiento en fachadas ventiladas.

CHROMACORE

High pressure laminate homogeneous color throughout.

Laminado de alta presión con el núcleo del mismo color que la superficie para mayor homogeneidad.

CHEMLAM

High pressure laminate resistant to chemicals, produced with patented technology for surfaces that are exposed to the most stringent and demanding applications.

Laminado de alta presión resistente a los químicos, producido bajo tecnología patentada para superficies expuestas a las más exigentes aplicaciones.

BOARDS

PIZARRAS

Our HPL is ideal to produce dry marker, chalk, magnetics and projectable (smart) boards.

Nuestro laminado es ideal para la producción de pizarras de borrado en seco, pizarras de tiza, pizarras magnéticas y proyectables.

METAL

LAMINADO METÁLICO

Our HPL produced with real metal foils for sophisticated looks.

Nuestro laminado de alta presión producido con lámina metálica para ambientes sofisticados.

Product Portfolio - Portafolio de Productos

REAL

Exclusive embossed in-register collection
An amazing level of realism to both sight and touch
for striking surfaces in both thin and compact laminate.

Colección exclusiva de grabado a registro
Una espectacular RE-Concepción de la naturaleza con un
impactante nivel de realismo a la vista y al tacto para
superficies impactantes en laminado delgado y grueso.

YouLab, Digital print solutions

Create the best experiential exhibits with an ideal combina-
tion of the latest technology in high end digital imaging with
the quality and durability of our HPL with stunning graphics.

Cree la mejor experiencia en sus exhibiciones con una ideal
combinación de tecnología de punta en imágenes digitales
de alta resolución, con la calidad y durabilidad de nuestro
laminado de alta presión con gráficos duraderos en los
entornos.

OPAK

Our super-matte laminate developed with high end technology
for the most demanding horizontal applications, requiring the
highest scratch resistance.

Properties: Low reflectivity, anti finger print, water repellent
Applications: Kitchen counters, work surfaces such as desks and
conference tables, among others.

Nuestro laminado súper mate, desarrollado con tecnología de
punta para aplicaciones horizontales exigentes que requieran la
más alta resistencia al rayado.

Propiedades: Baja reflectividad a la luz, antihuella, hidrófugo.
Aplicaciones: Mesones de cocina, superficies de trabajo como
escritorios y mesas de reuniones, entre otros.

DURAGLOSS

High gloss MDF panels with the highest technology in
lacquered surfaces for vertical applications.

Páneles de MDF en alto brillo con la más alta tecnología en
superficies lacadas para aplicaciones verticales.

EDGEBANDING

CANTO

PVC edgebanding with textures and finishes equivalent to
those of our HPL collection, to get a more natural look.

Canto de PVC con texturas y acabados equivalentes a
nuestra línea completa de laminados de alta presión para
una apariencia más natural.
